### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art neither teaches, nor fairly suggests the claimed biodegradable polymer composition for molding comprising a biodegradable polymer and a free radical scavenger. The closest prior art is that of JP2002114921. While it appears to claim the same invention, its publication date of 04/16/2002 does not meet the effective filing date of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Carlos A. Azpuru whose telephone number is (571) 272-0588. The examiner can normally be reached on Tu-Fri, 6:30 am - 5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thurman K. Page can be reached on (571) 272-0602. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
